

Workforce mobilisation software

Rapid Crews—Set your compliance,
reporting and workforce
management to cruise control

 **RAPID Crews**

A decorative header bar at the top left of the page, consisting of a dark red background with three colored squares: red, white, and teal.

Streamline your workforce management like **never** **before.**

Welcome to Rapid Crews – where we have reimagined workforce management and mobilisation.

Revolutionise the way you handle your workforce with our cutting-edge platform; increasing productivity, compliance, safety and eliminating complex and unstable spreadsheets from your business. Welcome to an online solution that integrates with your Microsoft® products, maximising productivity, automation and compliance.

Effortless onboarding

Say goodbye to manual data collection! Our custom-built Smartform adapts to each position, intuitively gathering all the mandatory information and documents from applicants.

Rapid Crews automatically creates a file, renames and files all documents to your SharePoint, and generates applicant profiles with all their personal information,

tickets, licences and qualifications, neatly populated with your SharePoint document links.

Our streamlined onboarding workflow ensures nothing falls through the cracks, with automated communication to keep everyone in the loop. Integration with Seek is also available for a seamless hiring process.

Applications

STEPS		TASKS											
All	105	Administration - Office	1	Advanced Scaffolder	7	Apprentice - Electrician	1	Asset	1	Basic Scaffolder	1	Boilermaker	6

Seamless job management

Whether you're tackling shutdowns, projects or managing long term rosters, Rapid Crews has you covered. Our platform enables seamless, total job management including site and trade specific compliance, roster management, travel management, collated personnel site document packs and site customised mobilisation tasks **without spreadsheets.**

Take advantage of Rapid Crews' communication features to obtain interest in your jobs from your talent pool, and move them automatically through your mobilisation workflow based on their response. You can also email or SMS your crew in bulk, individually or set up automated email triggers.

Stay compliant and stay ahead

CHASING TICKETS MANUALLY?

Scan the QR code to calculate how much automation will save in time and money.

Ditch the spreadsheets and never miss an expiry date again — Rapid Crews takes care of compliance with minimal effort.

Our system sends auto expiry notifications with upload links, and our intuitive traffic light system alerts you to any personnel competency issues.

Need a system-wide expiry report? Consider it done. We even provide client/site/trade-specific compliance features, including visual training matrixes, to keep your workforce fully compliant. Know, at a glance, who is fully compliant BEFORE you man your job!

Unleash the power of personnel data

Rapid Crews transforms workforce management through highly structured data. From standardising the naming of documents across all personnel to automatic job history recording, this structured approach ensures precision and compliance across all stages of your workforce and job management.

This structured data translates into substantial time and cost savings, enhances team collaboration through the communication tab and streamlined scheduling further boosts productivity.

Experience the immense value of having highly structured data with Rapid Crews, making workforce management smarter and more cost effective.
